

## **Nomination Bios:**

### **Michael Linebaugh:**

I am a current board member of the Ranches at Deer Crossing and live in the development. Over the past two years I have tried to give good advice and help to all new residents and anyone planning to build in the development. I would like to continue on the board for the next year.

### **Katherine M Seley:**

We have lived in The Ranches at Deer Crossing since starting our build in 2022. I feel it is very important that someone on the board lives on the property. We were the third home build here, and love The Ranches. I would be honored to service on the board of directors.
